### **Lisa Mendoza Wins Statewide Logo Contest**

Lisa Mendoza, a Library Specialist II with the NMSU Library, is the winner of a statewide contest to design a logo for the New Mexico State Documents Clearinghouse in Santa Fe. Lisa, who works with state documents and serial publications, submitted her entry to the contest to bring recognition to the activities of the Clearinghouse. The State Documents Clearinghouse is a 25-year-old program to give New Mexico citizens the ability to access publications generated by state agencies.

The logo is currently being used on a bookmark that informs citizens about the State Documents Clearinghouse Program and where they may find information on the broad range of topics concerning New Mexico. The bookmark is available at the NMSU Library and at twenty-three other state depository libraries around the state.

Mandated by the State Legislature in 1978, the Clearinghouse Program is coordinated by the New Mexico State Library in Santa Fe. The Clearinghouse ensures that state government publications vital to the information needs of New Mexico citizens can be accessed by the public. State documents cover such topics as health, education, history, culture, arts, state government, environment, agriculture, natural resources, legislative efforts, budgets, taxes and more.

For more information, please contact Mendoza at (505) 646-4748 or Gary Mayhood at (505) 646-7490.
